SPEAKERS

Dr. Marc Geissberger is a Professor and Chair of the Department of Integrated Reconstructive Dental Sciences at University of the Pacific, School of Dentistry. He is a fellow of the American Dental Education Association's leadership institute, researcher, as well as a published author in the areas of dental materials, contemporary fixed prosthodontics, esthetic dentistry. He has lectured nationally and internationally in the areas of adhesive dentistry, cosmetic dentistry, photography, ceramic, fixed prosthodontics and treatment planning. Dr. Geissberger has been awarded fellowship in the International College of Dentists, American College of Dentists, and the Pierre Fauchard Academy. He serves as a consultant for many dental materials companies and helps guide product development.

Dr. Foroud Hakim has balanced private practice and dental education for over 21 years. He has a true passion for restorative dentistry ranging from complex rehabilitation to optimal and conservative single tooth restoration. He is Vice Chair of the Department of Restorative Dentistry at University of the Pacific and is course director for "Occlusion, TMJ & Advanced Restorative Concepts". He is also a director in the "Esthetic and Complex Care Clinic" at Pacific. Dr. Hakim has lectured nationally in many venues including seminars, continuums and hands-on-workshops on topics ranging from technology, esthetic dentistry, occlusion, smile design, CAD/CAM, photography, and adhesive and composite dentistry. Dr. Hakim has several publications and has authored two chapters in the 2010 text, "Esthetic Dentistry in Clinical Practice" from Blackwell Publishing. Dr. Hakim earned his DDS in 1991 from Pacific and later went on to complete an MBA. He is a member of OKU dental honor society and past president of the Delta Delta Chapter. He is also a fellow and graduate of the ADEA Leadership Institute class of 2007.

FRIDAY, MARCH 1, 2024

LECTURE

(8 HRS. AGD FIXED PROSTH LECTURE CREDIT)

STAYING ON THE CUTTING EDGE; NEW MATERIALS, METHODOLOGIES AND TECHNIQUES IN CROWN AND BRIDGE DENTISTRY

This fast paced, informative session will introduce the participants to several new materials, methodologies and techniques in the practice of Fixed Prosthodontics. Participants will leave with a clear understanding of the significant changes that have occurred over the last five years with new technologies and materials that have both simplified fixed prosthodontics and streamlined patient treatment. This course will cover the latest development in all porcelains, cements, impression materials and CAD/CAM technology and elucidate their influences on the modern practice of dentistry.

During this lecture program practitioners will:

- Learn what diagnostic aids exist to enhance the practice of Fixed Prosthodontics.
- Gain knowledge of modern ceramic materials and understand limitations and strengths of each type of material.
- Develop a better understanding of the indications and contraindications of each material.
- Improve their understanding of the plethora of modern cements and bonding techniques and which clinical situations are indicated for their use.
- Navigate the technological advances in CAD/CAM Dentistry and figure out which systems may be most appropriate for their practices.

SATURDAY, MARCH 2, 2024

HANDS ON TRAINING

During this hands on program practitioners will:

- Learn ideal preparation techniques designed to enhance longevity and predictability of crown and bridge restorations.
- Learn various provisional techniques.
- Learn predictable techniques designed to capture flawless impressions the first time they are attempted.
- Learn Various build-up techniques to aid in simplified preparations.

BOTH DAYS WILL BE HELD AT HILTON GARDEN INN, 8600 NORTH PARK DRIVE JOHNSTON, IA 50131

If you attend the entire 2 day weekend, you will receive 16 hrs AGD Fixed Prosth Participation Credit. 16 additional hours of participation credit may be earned by presenting a clinical homework assignment after the course and presenting in September of 2024. There is an additional fee of \$600.

**WE NOW
OFFER A 25%
DISCOUNT**
on any lecture,
weekend MT or the
entire MT class for
a new grad/young
dentist (each CE
offered), up to their
5th year out.

(i.e. dental student graduating in 2023, their 1st year out would be 2024. They would get the discount from graduation through 2028). (Must be an AGD member)
